Pumpkin Patch

For each number, find which pumpkins have the indicated characteristic. When you shade in those squares, you'll get a (digital-looking) letter of the alphabet. Do this separately for each number in order to decode the answer to the riddle.

1: Has a stem
2: Is frowning
3: Has a triangle nose
4: Has a triangle eye
5: Has two identical eyes
6: Has a nose
7: Has teeth
8: Has ears
9: Has pointy teeth
10: Is smiling
11: Has a circular eye

What do you call long pumpkins?

Spider Web

Pairs of answers, with a total of eight letters, go clockwise starting at the ring number. Five-letter words go out from the center, all starting with the letter S.

1. Halloween character
   "Eureka!"
2. Horror, for one
   Out ___ limb
3. Fencing sword
   Staff
4. Take it easy
   Peepers

N - Nice
NE - Because
E - Wander
SE - Act part
S - Clogs and pumps
SW - Less crazy
W - Mold
NW - Wise men

Creature Features

Each rectangle is filled with the name of a scary creature you might see on Halloween, one letter per box. Boxes that are connected by a line hold the same letter.

Trick or Treat

The answer to each pair of clues is two words that make a phrase "___ or ___." However, before I wrote the clues, I gave one word a "trick," where I changed a letter, and I gave the other a "treat," where I added a letter. The clues are for the new words, which may be in either trick/treat or treat/trick order. For example, "Trick or treat" might be clued as "Vehicle / Menace" (Truck or Threat) or as "Difficult / Awesome" (Tricky or Great).

1. Code with dots and dashes / Allows
2. Optical receptors / Monopoly board corner
3. Have a terrible odor / Skinny
4. Enjoys a book / Memo
5. Cattle groups / Wilderness paths
6. Clue / Amount of matter
7. Winter sight / Flu symptom
8. Bill with Lincoln / Weapon against vampires
9. One part of the nervous system...
   / ...and where the other is located
10. A scare... / ...and the same word
