

The Cold Hard Data

A Puzzle by Dustin Foley

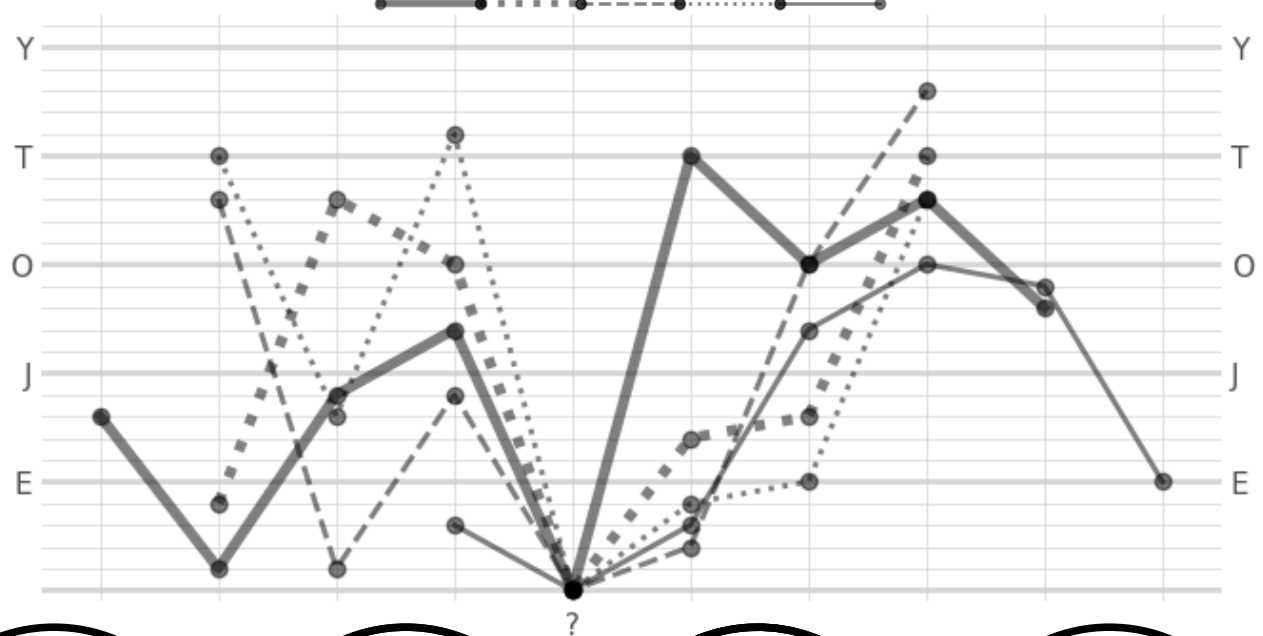

Your latest research project this winter has led you to study the ice in the polar regions. Unfortunately, something's gone wrong! You've managed to save six charts, but they're very puzzling. Each one should convey a hidden key word. Using all six key words, you can reveal what the problem is.

Ice Boxes (ICE BOXES)

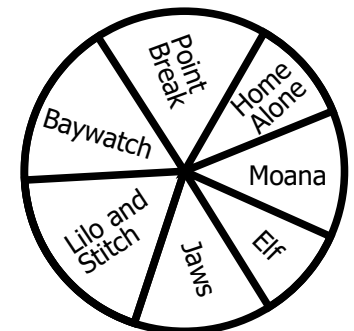

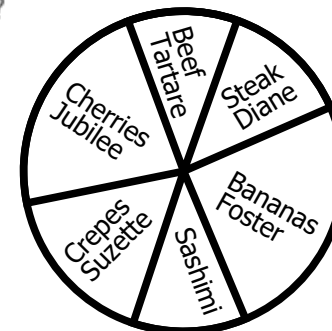

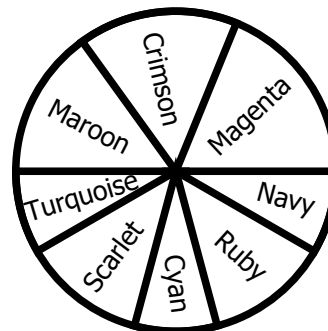

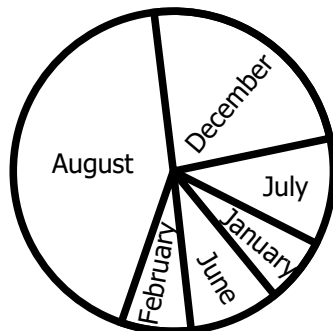

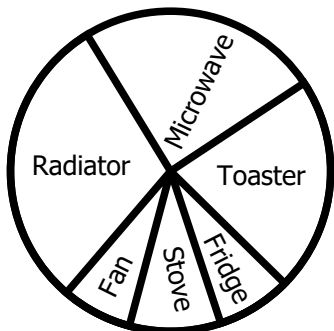

23456	13456	1245
12356	7	2346
23567	1345	2567
234567	6	1237
123456	123457	2456

Weather Predictions

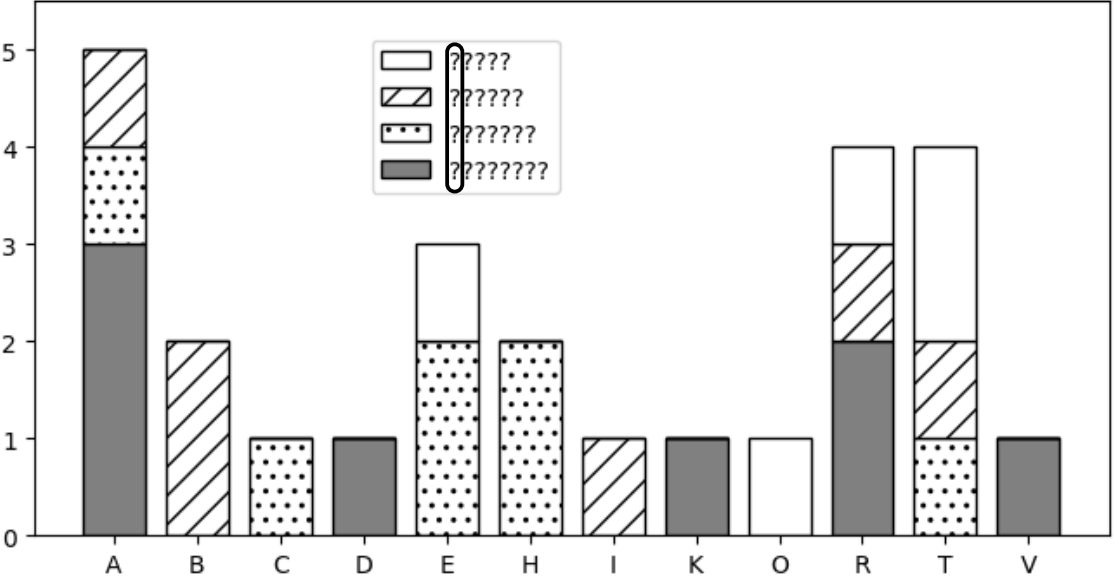

What Do You Think Is Cool?

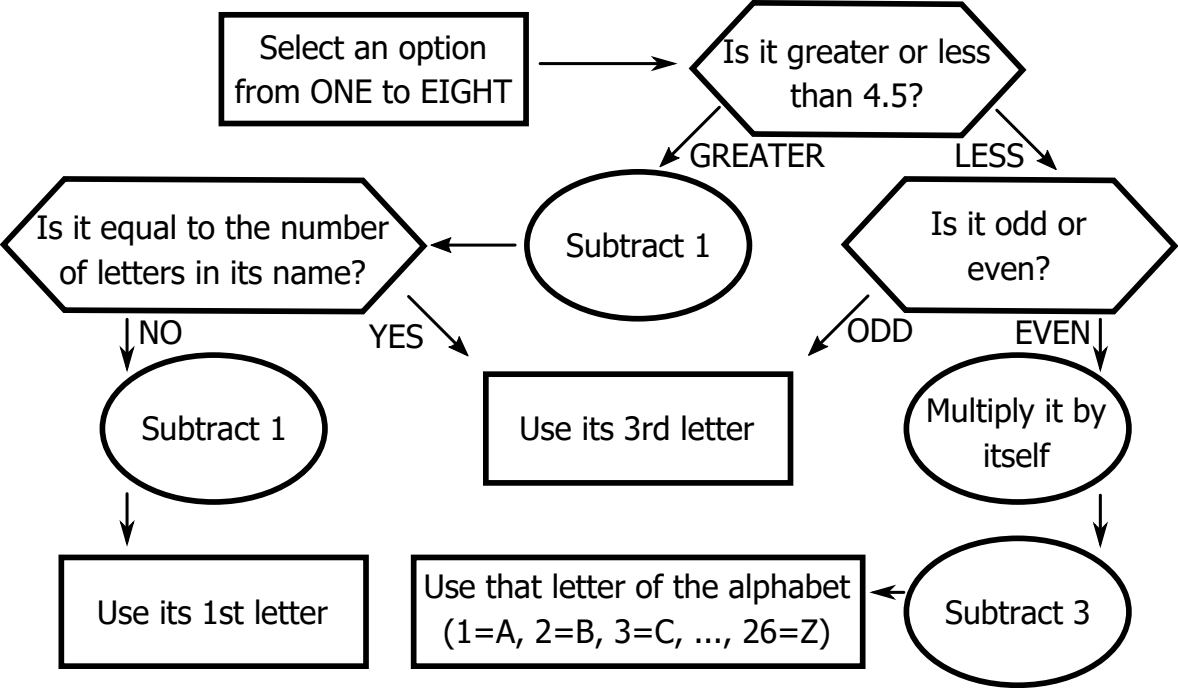

Survey respondents **filled in** two or three answers.

Animal Groupings

Floe Chart

National Heat Index
